- Adventure

About Me

Proficient and dynamic software developer specialized in MERN stack development, leveraging expertise in React, Node.js, Express, and MongoDB to craft scalable and responsive web applications. Demonstrated proficiency in agile methodologies, collaborating seamlessly within cross-functional teams to deliver high-quality solutions. With a proven track record of creating robust software solutions, I am dedicated to continuous learning and innovation in the ever-evolving field of web development.

Education

SCSS (computer science)

2018 - 2020

Islamabad Model College for Boys

HSCSS (computer science)

2020 - 2022

Postgraduate College H-8 Islamabad

Work Experience

Junior Web Developer (Freelance)

2023

- Developed responsive user interfaces using React.js, ensuring seamless navigation and enhanced user experience.
- Implemented backend functionality using Node.js and Express to create RESTful APIs for data manipulation.
- Designed and managed MongoDB databases, ensuring efficient data storage and retrieval.
- Collaborated with clients to understand project requirements and deliver customized solutions tailored to their needs.
- Actively participated in code reviews and debugging sessions to ensure code quality and maintainability.
- Utilized version control systems such as Git for efficient project management and collaboration.
- Continuously researched and adopted best practices and emerging technologies to enhance development processes and project outcomes.
